GENERAL PRICELIST

The goods and services shown are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Basic services of funeral director, staff and overhead\$895

Our fee for the services of the funeral director and staff includes, but is not limited to, staff to respond to initial request for service; sheltering of remains; arrangement conference with family or responsible party; arrangement of cremation; preparation and filing of necessary authorizations and permits; recording vital statistics; staff assistance prior to, during and following the cremation, including coordination with those providing other portions of the cremation, e.g. crematory and others. Also included in this charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, administrative costs, and equipment and inventory expenses. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations.)

Adjusted Basic Services of Funeral Director and staff (reduced)\$595

Limited availability of funeral director and staff (This fee is already included in our charges for direct cremations, immediate burials, and forwarding and receiving remains)

Embalming\$995

Includes: Embalming, dressing, cosmetics and casketing.

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you pay for it, such as direct cremation or immediate burial.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

A burial vault is a lined and sealed outer receptacle that houses the casket. It protects the casket from the weight of the earth and heavy maintenance equipment that will pass over the grave. It also helps resist water and preserves the beauty of the cemetery or memorial park by preventing the ground from settling.
